

## MOBILITY

Wirelessly, closest to residents and without restrictions, **NETSoins Mobility** ensures traceability of care plans along with prescription and evaluation management.

### FEATURES | YOUR MOBILITY TOOLS

#### TABLET

**EVERYTHING IS CLEAR, ACCESSIBLE AT YOUR FINGERTIPS AND SUITABLE FOR USE BY A VARIETY OF PROFESSIONALS WORKING IN YOUR INSTITUTION.**

**NETSoins** software works in offline mode: you do not need to install Wi-Fi across the entire site.

The **tablet** offers access to multiple **modules**:

#### CARE

Signature of care plans, treatments and readings (weight, temperature, blood pressure, etc.). Access to history of signatures and readings (with comments) and transmissions read/write.

#### MEDICAL

Access to prescriptions with the option to renew, discontinue or create a new prescription; consultation of resident medical files (pathologies, allergies).

#### EVALUATIONS

Option to input more than 15 evaluations and consult their results (AGGIR, PATHOS, MMS, Tinetti, MNA, pain, etc.).

#### ACTIVITIES

Access to scheduled animations, with the option to filter and input activity reports.

#### PARAMEDICAL

Access to scheduled sessions, with the option to filter and draft session reports.
